Details
Average Testing Time (minutes) 26
Allowed Time (minutes) 90
Maximum Number of Questions 30
Number of Sittings One
Question Format Adaptive, Multiple Choice
Product Category Brainbench IT

Knowledge, Skills, Abilities and Competencies Measured
Measures knowledge of the following SEI Capability Maturity Model Integration (CMMI) topics:
- Implementation
- Process Areas for Level 2: Managed
- Process Areas for Level 3: Defined
- Process Areas for Level 4 and Level 5
- Process Components and Overviewing
- Relationships Among Process Areas
- Structure
Sample Questions

Which one of the following Work Products is associated with Process and Product Quality Assurance?

a. Risk management documentation
b. Compliance reports
c. Earned value deviation report
d. Appraisal report
e. Evaluation logs

Sample Reports

**Assessment Scores**

**Test: SEI Capability Maturity Model Integration (CMMI)**

This report is confidential and its contents are intended to assist in the prediction of an applicant's work behavior. If you would like more information about this interpretive report or other products that Previsor offers, please contact your account representative.

**Score: 2.93**  
**Proficiency Level: Proficient (2.51 - 3.50)**

The candidate has mastered the basic concepts of SEI Capability Maturity Model Integration (CMMI), including:

- Process Areas for Level 2: Managed
- Process Areas for Level 4 and Level 5

The candidate demonstrates a clear understanding of intermediate SEI Capability Maturity Model Integration (CMMI) concepts, such as:

- Structure
- Process Areas for Level 3: Defined
- Relationships Among Process Areas

The candidate may have some knowledge of more advanced SEI Capability Maturity Model Integration (CMMI) concepts such as:

- Implementation
- Process Components and Overviewing

At the Proficient level, the candidate will be capable of working on most projects involving SEI Capability Maturity Model Integration (CMMI) with minimal assistance. However, the candidate will probably require more assistance with advanced concepts.

**Percentile Comparisons**

This percentile score indicates how well the candidate scored relative to other candidates in the comparison population indicated by the score.

- **Global Population**
